Alleged Fraudulent Horse Trade

Before Justice Lambert and Vickery, at Strathmore Barracks, on Wednesday, Chas. O'Bray, a well-known local man who has a farm within a mile of town, was charged with having induced Herbert French, a farmer living at Nightingale, to make a trade with a team of horses, a saddle and a bridle, to Mr. O'Bray, Chap. 149, of the Criminal Code. A second charge was that he had, on the 20th of May, with the intent to defraud, fraudulently took, held, and kept in his possession a yearling colt, contrary to section 392, clause 149, of the Criminal Code.

The courtroom was crowded during the hearing of the case, which occupied most of the afternoon, from 10 to 12 noon, with an interval of one hour for supper. Accused was represented by Mr. Sellier of Calgary.

The first witness in the case of making a horse trade through false representations was the constable of the police force of Strathmore. He stated that he had bought the horses about 12 months previous from O'Bray, and that they were sold to him on the 20th of April. On the 24th of May he had met O'Bray at Nightingale, and on his farm. In the course of conversation he asked O'Bray if he had lost the horses, whereupon the latter sympathized with him, and the witness asked him to do his best to get them back, as he said he would make it worth his while. He understood O'Bray to say that the horses were to be 120 mds. and that he had offered to pay him that sum if he would bring them to him. When O'Bray agreed to this, because he thought there was small probability of finding the lost horses, he said, "Well, I'll go to the accused's camp this morning and find up the trail \$50 in cash and if he promises that he'll bring the horses back to me I'll keep them. I estimated the value of the team lost at \$650, and the team that I got from the accused team \$800. When I left the camp I was satisfied with the trade, but became dissatisfied when he heard the horses were found, because he then realized that he could not cover them in the time, judging from O'Bray's conversation with him. (Cross-examined.) It was O'Bray that suggested the horses to him.

Further examination of the witness failed to elicit any further important points.

The next witness was Alfred Peel, farmer, Nightingale, who said he had driven French over to O'Bray's camp to see him. He did not hear the deal being made. O'Bray had said to him that he might find the horses within a week or ten days. He asked him if he had any horses on the 19th. He did not take that as a jocular remark as he thought it quite likely O'Bray would find them within a week. He did not hear O'Bray offer to sell the horses instead of trading them.

Edward James, farmer, Nightingale, said on the 24th of May he had a conversation with O'Bray who asked him if French had found his horses or not. He asked him if he had any horses lost. O'Bray then said he could not have been looking for the horses were likely to be 25 miles south of where they were found. He told witness he was going to offer the horses to French if he found them. He asked him where he was going, and the reply was that he was going to see French. He had said that he was going to the other team.

W. B. Stuart, farmer, Nightingale, testified to having seen O'Bray on the 24th, and to having seen him again on the 25th. He asked him where he was going, and the reply was that he was going to see French. He had said that he was going to the other team.

Hermon H. Forsyth, the next witness, said that he ran a feed and grain business at Bow Valley, and had been accused once before. On May 23 he had phoned to O'Bray from Cluny about a team of horses he had sold to him. He described thoroughly to O'Bray through the phone, and that he was told by N. McIrvin, of Bow Valley, that O'Bray had come to him and recognized the horses outside the court which French had recognized

(Continued on Page 3)

Board of Trade Meeting IMPORTANT MATTERS DISCUSSED

The regular meeting of Strathmore Board of Trade was held in the Fire Hall on Monday evening, when a number of important matters relating to the interests of the town were brought up. Mr. Frank Skene, president of the Board was in the chair, with Mr. W. S. Gladwin as secretary.

THE NEW TOWN PARK
A letter was read from Mr. C. W. Peterson, of C.P.R.C., with regard to the new park in front of town, the details of which were explained in our issue following the election of Mr. Peterson as a member of the citizens some weeks ago.

In this letter Mr. Peterson stated that the town had offered to lease the ground to the town for a nominal rental, on condition that it was used only for park purposes. There were two conditions of \$100 towards putting the park into shape and the condition that the town of Strathmore spend an equal amount. The letter also suggested that the Board get into communication with Mr. Stockton, head of the operation of the C.P.R.C., so that the work could be commenced at once.

On the motion of Mr. P. T. McElroy, Mr. Skene was appointed a committee to superintend construction work on the town park, with power and authority to hire labor and materials for the purpose under the supervision of Mr. Stockton. Lilly seconded, and this was carried unanimously.

A PETITION MISLAI
A letter was read from the secretary of the Returners' Protective Association, asking permission to file a petition which had been sent some time ago to Strathmore for signature by the local merchants, which had not been returned to date.

It was explained that the petition was still pending, and had been received in the right, and had had signatures for signature, but had been mislaid in some way or other.

**FIRE INSURANCE AND
WATER SUPPLY**

With regard to the using of the Fire Hall pump to supply the water requirements of the town for fire protection for the farmers, Mr. Lilly said there was a fear that the constant use of the pump would render it nearly useless, and that it would be of little value to have it available for fire protection, or that it would be put off commission sometime.

The view was expressed that it would be better to have a pump down to supply the watering troughs.

Attention was drawn to the fact that there was not a properly organized Fire Department in Strathmore at the present time, and that the engines had not been tested for several years past. Last winter a fire brigade was formed, but had never had a proper practice.

This was considered a serious state of affairs, and the committee in the length of saying that the town was lucky to be able to get fire insurance at all.

The view was expressed that it would be very high, and that it would be difficult to get insurance protection.

THE TELEPHONES

The present system brought forward the name of the manufacturer of the long distance line to Calgary at the present time. There are only one who supply all the towns between Calgary and Bow Valley, Strathmore alone had on hand daily rates as many as 33 calls for the long distance, and there was also a large number of calls to Banff, Glenichen, and Langdon. It would have cost the Government a great deal to get the system up, or even a third wire when they were building the line, and there was no doubt whatever that the line was not in the best of condition.

It was decided to let the telephone company have the system, and sometimes to wait four or five hours to get talking to Calgary through the phone, and sometimes they would not get through at all.

The people up in Edmonton did not seem to recognize and make provision for the great growth in population, and the result was that it was taking place all through southern Alberta, and some of the men who were engaged in the telephone business were incompetent. They might be very good election workers, but they were not good as telephone operators.

He believed that the telephone company were doing a great deal for the public, but they were not doing it as well as they could. He believed that they would be better served if they had private operation of the telephones.

BUILDINGS MOVED**Farmers see my everlasting
WellcellsHollow cement building blocks,
Frost proof, Fire proof, Moisture
proof, requires no painting, reduces
Insurance rates.The season when milk rapidly
spoils and assimilates germs is now
over. A very simple way to prevent
bottled milk becoming sour is to
slip the bottle in two woollen socks,
put one inside the other. If dipped
in cold water beforehand good milk
will keep for twenty-four hours in a
pretty warm room.**Henry Sorenson's Hall Insurance Proposition**A TAX ON LANDS FOR HAIL
INSURANCE AND THE LAST
ANNUAL, U. F. A. CONVENTION
AT CALGARY, JAN.
17-19, 1911.I have been told that the hall insurance
resolution which I submitted to the Strathmore Union has presented
to U. F. A. central organization
and to the U. F. A. executive
committee from taking further action in
the matter.I beg to submit the following
facts which occurred in connection
with the matter. The hall insurance
resolution only being the natural
consequence of these facts.At the convention a resolution
committee was appointed by the
president to frame up resolutions
which were handed up.This resolution committee handed
my resolution back to me with
the suggestion that I should make
an amendment to it.When, therefore, one of the mem-
bers of the opposing party moved
that a resolution which came up to
the best of the crop should be
tabled for further consideration I
immediately seconded this motion so
as to get the hall insurance proposition
through without later opposition.Few of the parties interested seemed
to exactly understand at the moment
what they were doing. I heard
many voices say that they were not
even clear as to the meaning
of compulsory hail insurance.A few minutes after this happened
the president suddenly called for a
vote, whether the house was for or
against the hall insurance proposition.Few minutes after this happened
the president suddenly called for a
vote, whether the house was for or
against the hall insurance proposition.Now, with regard to the reasons
why losses due to hail are entitled
to be protected in preference to any
other losses caused by nature
I will submit this.Droughts are provided against by
irrigation, excesses, floods by
drainage, etc., and keep off
diseases to stock or crops, hot
winds, such as are experienced in
other parts of the American continent
are not under control. Any
person who does not find in these
parts of the province where grain
can be raised, will naturally
strive to do so.Now, with regard to the reasons
why losses due to hail are entitled
to be protected in preference to any
other losses caused by nature
I will submit this.The only conditions perfectly
under control are those which human
intelligence cannot provide against
and which I have up to the present
date found a large majority in favor
of compulsory hail insurance, I re-
quest to say that I have heard no
objection to this proposal against
it.These appear to me to be
quite as unreasonable as it is for
farmers in the northern parts of Alberta
and who have railway connections
to oppose government grants for
these railways in northern parts,
because these railways did not give
direct income to the pockets of
farmers in other districts.

HENRY SORENSEN.

Box No. 1, Strathmore,
June 4, 1911.SEED WHEAT FOR SALE—About
250 bushels Winter Wheat in bin
on south side of town, about one mile
north of Strathmore. Sample may
be had. Price, \$1.50 per bushel. Price
undecided, in bin 9¢ per bushel. Cleaned and delivered in
Strathmore. Address Mr. W. Miller, Strathmore.**More About the Roads**

To the Editor of the Standard.

Mr. Editor: I make no apology
for further discussing the all im-
portant question of "better" roads.
Contract work is always unsatis-
factory, and the same is true of car
roads, it has proven itself to be most un-
satisfactory.Mr. Nelson wants all doubts
dispelled about loading on the job
just let him hire out under Mr.
Nelson P. Rose and he will soon be
contented.We farmers are building our own
roads and when Mr. Nelson com-
pares the work done this year with
what the men will emphasize
what I have said.

Yours truly,

D. F. BOISSEVAIN.

Farmers' Union MeetingAt the meeting of United Farmers
Saturday it was decided to ask
every farmer in the community
to drop a line to the secretary stating
the number of acres in and the
percentage of land under cultivation
which would be required.This information will be necessary in order
to determine through the Union to what
advantage. The order for twin
will be given at the next meeting—
on the last Saturday in the month.The price will be determined
according to cost of labor and
material, plus an extra charge to those who
require it put in the warehouse, to
cover insurance and handling.The Agricultural Institute and
Poultry Association met at the
Town Hall last Saturday. After
the usual business routine an interest-
ing paper was read by Mrs. A. R.Elliott, "Women in Agriculture,"
followed by a general discussion.
We are still looking for the
members of the ladies to join our
organization. All will be asked to say
anything to come and see for yourself
what our work is.June 24 is date of next meeting.
A demonstration will be given
by Mrs. W. J. Elliott, from the C.P.R.
Demonstration Farm, at 2.30 sharp.No fear of going short on your
coal supply. Go to H. A.
Michaels who has a large abund-
adv.Read the many advertisements

BOARD OF TRADE MEETING
(Continued from page 1)

results. He had written the government that they would be willing to pay extra wire charges if asked by the C.P.R. to allow them to do so. The government would not make use of the C.P.R. poles for that purpose, even if the company were willing to allow them to do so.

He had also written the C.P.R. on the same matter, and they had replied that they would be willing to consider any proposition if the Government brought it up.

A motion was passed to the effect that the council acquire all the information possible respecting the long distance traffic from here, and ask the Government for extra wires, and then the secretary wired to Banff, Grindal, and London, and the Board of Trade asking for their co-operation in this matter.

REGARDING THE INCORPORATION.

A question was asked as to when this would probably go through, and Mr. T. L. McElhoe, chairman of the Council, said he was not able to find out anything more about it. The secretary of the council had written to the Government about it, and on each occasion were referred back to their own solicitor, but any letters from that solicitor did not serve to have any bearing on the matter. There were only two objections on the part of the present directors of the C.P.R. and one from Mr. Snyder, both proprietors of land proposed to be incorporated into the town limits. These objections should have been removed by the time the bill was introduced, for it was the other before this, for it was more than six months since the petition for incorporation was presented to the government, and the granting of it was only three months. The reason for this was that they were unable to find their own solicitor to do nothing in the matter at present.

The remarks passed at the meeting were not at all complimentary to the Government, its methods, and its intentions, and the opinion was expressed by speakers that it was kind of a front for some kind, and that the Government were determined against this district in its incorporation matter. It was finally agreed to wire to the secretary to write to the Attorney General and demand his intervention. Mr. Schindler was very indignant at the delay in connection with the incorporation, and asking him to let them know what was the reason for it, and why it took so long.

MARKEET PROPOSAL.

Mr. McElhoe has been writing to the Council to purchase four blocks for the purpose of a market, and an offer has been made of the four lots adjacent to the market.

Mr. Shy said that the farmers were at present in negotiation with the C.P.R. for a site for a market. It was expected that the secretary would be in touch with the C.P.R. at the earliest opportunity.

GRADING OF THE STREETS.

Mr. Saunders said that he would like to see the paving done to improve the drainage of the streets, and make a partial grade, but there was a doubt if that would be satisfactory from the nature of the soil.

Mr. McElhoe said that the reason nothing had been done in regard to the grading of Second Street was that the man who had stores along that street did not want anything done at the present time. The Council might do all it could do to grade the streets, and make a partial grade, but there was a doubt if that would be satisfactory from the nature of the soil.

Mr. Shy said that the street had been struck already, and some day there would be a window broken.

MUSICAL RECITAL.

A very enjoyable musical recital was given in Lloyd's Hall on Tuesday evening by Miss Bernice Ruppe, who was assisted by Mr. F. G. Martin, organist. The concert was organized in aid of the funds of the Presbyterian Church, and there was a fairly good attendance. Miss Ruppe opened the recital with three pretty little songs, entitled "Song of Jeanne (Ronald)," "Irish Love Song" (M. Lang), and "Be over it is morn" (Florence Aylward). Her interpretation of the songs was such that could be desired, and earned for her well merited applause. Miss Desch sang with much expression and feeling, singing "Goodbye" (Tosti). Her voice and sweetness was excellent and we shall look forward to hearing her soon again. The feature of the concert was the rendering of "The Swan" by Mr. F. G. Martin who was in splendid voice and in response to a vociferous encore he returned to the stage and sang "Forget Me Not" (Cecil). The concert was brought to a close by Miss Ruppe who gave four pleasant songs the last of which was

RESULTS.

He had written the government that they would be willing to pay extra wire charges if asked by the C.P.R. to allow them to do so. The government would not make use of the C.P.R. poles for that purpose, even if the company were willing to allow them to do so.

He had also written the C.P.R. on the same matter, and they had replied that they would be willing to consider any proposition if the Government brought it up.

A motion was passed to the effect that the council acquire all the information possible respecting the long distance traffic from here, and ask the Government for extra wires, and then the secretary wired to Banff, Grindal, and London, and the Board of Trade asking for their co-operation in this matter.

REGARDING THE INCORPORATION.

A question was asked as to when this would probably go through, and Mr. T. L. McElhoe, chairman of the Council, said he was not able to find out anything more about it. GRADING OF THE STREETS.

Mr. Saunders said that he would like to see the paving done to improve the drainage of the streets, and make a partial grade, but there was a doubt if that would be satisfactory from the nature of the soil.

Mr. Shy said that the street had been struck already, and some day there would be a window broken.

MUSICAL RECITAL.

A very enjoyable musical recital was given in Lloyd's Hall on Tuesday evening by Miss Bernice Ruppe, who was assisted by Mr. F. G. Martin, organist. The concert was organized in aid of the funds of the Presbyterian Church, and there was a fairly good attendance. Miss Ruppe opened the recital with three pretty little songs, entitled "Song of Jeanne (Ronald)," "Irish Love Song" (M. Lang), and "Be over it is morn" (Florence Aylward). Her interpretation of the songs was such that could be desired, and earned for her well merited applause. Miss Desch sang with much expression and feeling, singing "Goodbye" (Tosti). Her voice and sweetness was excellent and we shall look forward to hearing her soon again. The feature of the concert was the rendering of "The Swan" by Mr. F. G. Martin who was in splendid voice and in response to a vociferous encore he returned to the stage and sang "Forget Me Not" (Cecil). The concert was brought to a close by Miss Ruppe who gave four pleasant songs the last of which was

appropriately "Day is Gone" (Lang). Mention must be made of Mrs. Sprague who accompanied Miss Desch and Mr. Martin. Her accompanying was most satisfactory and it is to her that a large amount of the success of the recital is due.

Mr. Arthur Dowse gave a beautiful pianoforte solo, entitled "March College" (Dowse), and received much well deserved applause.

We hope our readers will be interested in the musical talent right here in Strathmore, and we hope to hear more of the same kind in this town in the future.

Clarendon and Beets**NOTHING DOING**

The following resolution was passed by the Clarendon board of trade at a meeting held on June 6, 1911:

"Resolved, That the board of trade unanimously condemn the action of the Alberta Sugar Company in sending an unrepresented representative into the community with a proposition for the purchase of a sugar plant and following the progress of the negotiations, and that the president of the said company be written to the effect that the board of trade will not be satisfied until the Alberta Sugar Company never again send any sugar plant west of the irrigation belt east of

"That this board of trade views

the action of the Alberta Sugar

The writer had the pleasure of being a guest at Mr. H. Sorenson's farm one day last week and was greatly impressed by what he saw there.

The fact that this farm did not just "happen" but that every detail had been planned to a nicely worked out plan, and that it had been brought to bear on the natural resources and the results are perfect.

The flourishing condition of the crops must be very gratifying. One

acre of 44 bushels of wheat raised

With such farms as this in our

GET THE HABIT

Alleged Fraudulent Horse Trade
(Continued from Page 1)

as the horses he had lost about. O'Brien answered that they were his, and that he would send down a man for them to go home and claim them again on the 27th or 28th. O'Brien tol' witness that he had sent a boy for them because he could not get a horse to ride, and he had to walk back. O'Brien told him that he had lost the horses north of Strathmore where he had been trapping. He had turned the horses loose in the evening, and after supper when they went to round them up, he found them.

Constable Stanley, R.N.W.M.P., gave evidence as to French having given the information and to having arrested O'Brien.

There was no evidence given to the defense.

After considering, the judges stated that the constable made out a strong case to submit to the court, and he was granted leave to submit it justly than in committing accused to jail to Calgar to be tried there.

THE SECOND CASE

The hearing of the second case, that of having on the 28th day of May without the consent of the owner, fraudulently, took, held, and kept in his possession a yearling colt, was started at 8 the same evening.

In the case, Constable Stanley was the complainant.

The first witness was Herman Forsyth, Cluny, who said that when O'Brien came to him he said the man in the previous case he also took away the colt saying it belonged to a cousin of his, Myers.

Constable Stanley stated he acted on the information given him and he said it had followed him from Cluny with the team. He was not able to tell the owner he could not get him to do so.

He thought it belonged to his cousin Myers. The Constable then arrested him on a charge of having a colt which he did not own.

He asked O'Brien why he did not advertise the colt, and he told him he did not know if he could do so in the name or words to that effect.

Percy Prestwick, rancher, was the next witness. He said he remembered meeting O'Brien when he was driving a team about the end of May, in Strathmore, and he had the colt with him. O'Brien told witness he had not followed him and that he could not get rid of him. He had tried to turn it in with some loose horses on the range and it would not go. He did not say whether he got the colt in the same or words to that effect.

W. P. Fredericks, rancher, living 8 miles north of Strathmore, he remembered meeting O'Brien passing his place with a team and colt about the end of May. Accused told witness he had lost the colt and wanted to get it back. Accused in asked witness if the one following him was witness, and witness

said it was not. Accused then further stated that the colt had been following him and could not get rid of it. Witness was unable to identify the colt.

Lewis Hyde, who is at present cooking for O'Brien, at his camp ground, stated he had seen the colt, and O'Brien stated that he had followed him up and the colt did not get rid of him. Hyde said he was not a fair good animal.

The first innings did not look very good for Strathmore, for the opponents got five runs.

After the second innings, O'Brien scored a run, and the third innings, Strathmore had a run.

The fourth innings, Strathmore had a run, and the fifth innings, O'Brien had a run.

The sixth innings, Strathmore had a run, and the seventh innings, O'Brien had a run.

The eighth innings, Strathmore had a run, and the ninth innings, O'Brien had a run.

The tenth innings, Strathmore had a run, and the eleventh innings, O'Brien had a run.

The twelfth innings, Strathmore had a run, and the thirteenth innings, O'Brien had a run.

The fourteenth innings, Strathmore had a run, and the fifteenth innings, O'Brien had a run.

The sixteenth innings, Strathmore had a run, and the seventeenth innings, O'Brien had a run.

The eighteenth innings, Strathmore had a run, and the nineteenth innings, O'Brien had a run.

The twentieth innings, Strathmore had a run, and the twenty-first innings, O'Brien had a run.

The twenty-second innings, Strathmore had a run, and the twenty-third innings, O'Brien had a run.

The twenty-fourth innings, Strathmore had a run, and the twenty-fifth innings, O'Brien had a run.

The twenty-sixth innings, Strathmore had a run, and the twenty-seventh innings, O'Brien had a run.

The twenty-eighth innings, Strathmore had a run, and the twenty-ninth innings, O'Brien had a run.

The thirtieth innings, Strathmore had a run, and the thirty-first innings, O'Brien had a run.

The thirty-second innings, Strathmore had a run, and the thirty-third innings, O'Brien had a run.

The thirty-fourth innings, Strathmore had a run, and the thirty-fifth innings, O'Brien had a run.

The thirty-sixth innings, Strathmore had a run, and the thirty-seventh innings, O'Brien had a run.

The thirty-eighth innings, Strathmore had a run, and the thirty-ninth innings, O'Brien had a run.

The forty-first innings, Strathmore had a run, and the forty-second innings, O'Brien had a run.

The forty-third innings, Strathmore had a run, and the forty-fourth innings, O'Brien had a run.

The forty-fifth innings, Strathmore had a run, and the forty-sixth innings, O'Brien had a run.

The forty-seventh innings, Strathmore had a run, and the forty-eighth innings, O'Brien had a run.

The forty-ninth innings, Strathmore had a run, and the五十th innings, O'Brien had a run.

The fifty-first innings, Strathmore had a run, and the fifty-second innings, O'Brien had a run.

The fifty-third innings, Strathmore had a run, and the fifty-fourth innings, O'Brien had a run.

The fifty-fifth innings, Strathmore had a run, and the fifty-sixth innings, O'Brien had a run.

The fifty-seventh innings, Strathmore had a run, and the fifty-eighth innings, O'Brien had a run.

The fifty-ninth innings, Strathmore had a run, and the六十th innings, O'Brien had a run.

The sixty-first innings, Strathmore had a run, and the sixty-second innings, O'Brien had a run.

The sixty-third innings, Strathmore had a run, and the sixty-fourth innings, O'Brien had a run.

The sixty-fifth innings, Strathmore had a run, and the sixty-sixth innings, O'Brien had a run.

The sixty-seventh innings, Strathmore had a run, and the sixty-eighth innings, O'Brien had a run.

The sixty-ninth innings, Strathmore had a run, and the七十th innings, O'Brien had a run.

The seventy-first innings, Strathmore had a run, and the seventy-second innings, O'Brien had a run.

The seventy-third innings, Strathmore had a run, and the seventy-fourth innings, O'Brien had a run.

The seventy-fifth innings, Strathmore had a run, and the seventy-sixth innings, O'Brien had a run.

The seventy-seventh innings, Strathmore had a run, and the seventy-eighth innings, O'Brien had a run.

The seventy-ninth innings, Strathmore had a run, and the eighty-first innings, O'Brien had a run.

The eighty-second innings, Strathmore had a run, and the eighty-third innings, O'Brien had a run.

The eighty-fourth innings, Strathmore had a run, and the eighty-fifth innings, O'Brien had a run.

The eighty-sixth innings, Strathmore had a run, and the eighty-seventh innings, O'Brien had a run.

The eighty-eighth innings, Strathmore had a run, and the eighty-ninth innings, O'Brien had a run.

The ninety-first innings, Strathmore had a run, and the ninety-second innings, O'Brien had a run.

The ninety-fourth innings, Strathmore had a run, and the ninety-fifth innings, O'Brien had a run.

The ninety-seventh innings, Strathmore had a run, and the ninety-eighth innings, O'Brien had a run.

The ninety-ninth innings, Strathmore had a run, and the一百th innings, O'Brien had a run.

The一百-first innings, Strathmore had a run, and the一百-second innings, O'Brien had a run.
